

Allotment Shed, Greenhouse, Polytunnel or Other building application form in accordance with rule nine (9) in the Members Rules

No more than 2 structures on any one allotment plot, each measuring no greater than 8ft X 6ft, 2.4m x 1.8m in size comprising either 1 shed and 1 greenhouse or 1 shed and 1 small poly tunnel 3m x 2m. Approval for a structure measuring no more than this can be obtained from your Steward. Approval for a larger structure must first be obtained from the Committee in writing before any construction is started. large polytunnels are NOT permitted without first getting Committee backing and written approval from the Council.

Overall size of building (L x W x H)	
Type of materials to be used in the building.	

Show the position of surrounding plot, paths, boundaries, distance in feet from the sides of your proposed building to the boundaries of your plot so the building's position within the plot is clear. It is expected that at least 24" gap is left between any structures and paths. Use the space below.
